The Prez Sez

By Ron Erickson

By the time you read this, we will finally be finished with the ads and phone calls that bombard us at election time. Well, election time is not over yet. We have our own club elections to look forward to. Our club budget is not as large as the budgets of recent politicians, and hopefully there will not be any phone campaigning or mass mailing.

We will be taking nominations at the November meeting for all officer positions and three board member positions. We have a lot of talented and hard-working members in our club and I hope you will take the time to consider who you might nominate, or consider accepting a nomination, for one of these positions.

I have personally found that I have enjoyed the club more when I am actively involved. Give it a try, you might be surprised.

Happy Hunting,

Ron

FIND-OF-THE-MONTH CATEGORIES

Gold: natural gold (flakes, nuggets, wire) stamped karat alloy content or obvious custom alloy item.

Jewelry: objects of metal often set with gems and worn for personal adornment, except jewelry qualifying for the Gold Category.

Coin: a piece of metal issued by governmental authority as money (includes gold coins of any nation).

Token: a piece resembling a coin issued as money by some person or body not of a governmental authority; can be redeemed for services or specified items.

Artifact: simple object showing human workmanship or modification.

Find of the Month Winners - October

GOLD - Ron Erickson

14K Men's Ring

After taking a nap to refresh, Ron went to an area he had detected earlier with a small coil. He changed to a 9" coil on his White's XLT and found this ring by an old house.

TOKEN - Roy Neyes

Gold-N-Detector / \$2.50

This token was found 1 inch deep at Garfield Lake Park. Roy read a 74 VDI on his White's DFX with a Bigfoot coil and pulled out this token, the same VDI as a silver ring he found last month.

JEWELRY - Pat Lucero

Black Turquoise Silver Ring

Pat was hunting with his White's MXT at Rose Park in Santa Fe, NM.

COIN - Linda Erickson

1876 CC Seated Dime

This dime was found near Leadville by Linda using her Teknetics T2 with a large coil.

ARTIFACT - Chris Davis

Bullet Knife

Chris was knee deep working the swim area at Cherry Creek Reservoir with his Minelab Excalibur. He recovered what he thought was a .44 bullet. Closer examination revealed a slit in the side. The "bullet" was actually a bullet knife.

In-Town Hunt Information

In-Town club hunts are meant to be fun, first and foremost. They provide a context outside of the meetings for fellowship with club members. To put on an in-town hunt you need to:

- Schedule with the Hunt Coordinator or President (see the contact list).
- Provide the Hunt Coordinator a plan.
- Send the hunt flyer to the newsletter editor in an appropriate format for insertion into the newsletter (see the contact list).
- Provide flyers at the monthly meeting.
- Ensure the hunt rules are discussed BEFORE the hunt.
- Police the hunt.
- Decide if the hunt is a members only or an open hunt (non-members may hunt).
- Write a story for the newsletter and send it and accompanying photos to the newsletter editor prior to that month's deadline.

To ensure the continuation of this hobby and to provide the best impression

of Eureka! and its membership, you, as hunt master, MUST enforce all rules, including:

1. Pouches to store finds and trash must be worn and used at all times during the hunt.
2. All hunters must wear headphones.
3. Absolutely no tolerance of holes left open (a first warning, followed by a time-out or expulsion from the hunt).
4. Hunters digging and leaving trash of any sort on the hunt field will receive the same treatment discussed above.

All hunts will need to be okayed by Hunt Coordinator (see the contact list) prior to officially being put in the newsletter and put on.

Failure to follow the guidelines may result in hunts being cancelled.

Hunts may be paid for in advance. This helps the hunt master with planning for how much should be planted in the field. In case a person must miss the hunt, their prepaid fee may be refunded if they call the hunt master before the hunt and cancel, other circumstances will be reviewed. No refund will be given for just plain failure to show up to the hunt.

City Of Westminster

At the present time is asking people to get a permit to metal detect .

Permits are good for 3 months.

See Angie at the lower level of City Hall.

Office Hours: Mon-Thurs from 7:00am to 6:00pm.

Please follow the City's guidelines and show that we, as detectorist, are a responsible group.

Secretary's Report

By Nancy Faires

President Ron Erickson called the Eureka! Club meeting to order and welcomed everyone. There were approximately 60 present including several guests. Officers and Board members were introduced. Anyone with any questions, see one of the Officers or Board members during the break or after the meeting.

Linda Kibler presented the Treasurer's report.

Congratulations Bernice Ortiz – 2014 Coinhuna.

Brian Henry added Bernice's name to the Coinhuna plaque. Thank you Brian.

Ron spoke to the City of Westminster regarding permits. They stated that there had not been a lot of recent activity. If you have not obtained your permit, go and get one to show your support of detecting. Westminster may decide to do away with the permits in the future.

Thanks to Brian Henry for the Eureka! banners on display tonight on the podium.

Thank you to John Cornelisse for having Eureka! University at the September Coinhuna hunt. It will be available at other hunts.

Unfinished business: A drawing was held at the September meeting for the paid participants of the August Wildlife hunt who had not already won a prize the day of the hunt. Sheri Muehlbauer and Jim Griffin received their prizes tonight. Tom Conroy presented a fan fob he found at the July beach hunt. He did not receive his prize the day of the hunt. He received a Eureka! club patch for his prize.

October Hunt – Poker Hunt - Linda Erickson and Linda Kibler
Saturday, October 11th – Majestic View Park, Arvada
This will be a breakfast hunt.

Tips of the month:

Linda Kibler - Go through your owners' manuals and other books you have and re-read. Sometimes you can learn new things.

(Continued on page 15)

(Continued from page 14)

John Hinton – Instead of wrapping your coil cable all the way around your detector, align it straight up, 18 inches, then wrap. This reduces interference and provides a little more depth.

November Hunt – Key hunt – John Cornelisse. Location and more information next month

The speaker was Cindy Bockenstedt. The topic was electrolysis.

Lulu's Bling - sponsored by Louise Smyth, Gold-N-Detectors

Mary Sable received 5 dollar coins for finding the Bling at Morse Park in Lakewood. Thank you, Louise, for sponsoring this hunt.

Deck of cards drawing – Ken Barrios won a silver dime

Breakfast Club

A good opportunity to meet, build relationships and share finds.

The Breakfast Club meets the 1st Friday and the 3rd Saturday each month.

The next hunt will be October 18th; meet at Lookin' Good Restaurant at 9 AM for breakfast then hunt.

Anyone interested in starting a Breakfast Club in the north part of town should see Ron.

The Club has purchased an **XP Deus Detector** for a club drawing. Tickets are on sale for \$5 each. The drawing will be held at the Holiday party in December assuming the quota of sales is met. Please put your name on the ticket you drop in the "bucket". You do not have to be present to win.

The drawings were done randomly throughout the audience.

Nominations for the election of 4 officers and 3 Board members will begin at the November meeting and the elections will be held in December. The Board has recommended adding and electing a PR/Marketing position.

Thank you to everyone who brought food tonight.

'Detecting Tips

John Hinton brings this tip. Keep the cord from your coil straight up to the end of the first rod, then you can wrap it around as it goes up to the control box. Having the cord straight, will help by giving a more clear signal with less interference. Thanks for the tip and demonstration John.

The Coin Raffle

By Chris Davis

Whoever dreamed up the coin raffle at our Eureka! meetings was a genius. It plays right into the mindset of the type of person who metal detects. We are all looking for that big discovery, but just enjoy finding things. Like I tell folks, "I'm just a big kid looking for Easter Eggs". Yeah, that next hit is probably a pull tab, but you never know what it really is until you dig it up.

I have been buying 5 coin raffle tickets at each meeting, and so far, I have an unbroken streak going. I haven't won once yet. This should not be interpreted as a losing. There is always that chance I can win. I have seen folks win two or three times with only 5 tickets. Besides, it all goes to a good cause. I have spent much more on considerably less.

Reminds me of that guy who prayed every night, "Oh Lord, please let me win the lottery, please let me win the lottery". This went on and on, night after night, for years. Finally, the Lord was tired of listening to this and responded, "Okay, okay. I will help you win the Lottery, but you got to meet me half-way. You got to buy a ticket". Same thing here, you don't buy a ticket, your chances of winning are fairly low.

Despite my less than impressive streak, I have figured out a way to win. What I do is, for every \$5 I spend on raffle tickets, I put \$5 aside. When I accumulate enough money, I go down to the Brass Armadillo and buy an interesting coin. Coins they do not make anymore. I do not buy valuable, numismatic coins. The ones I can afford to purchase are usually old and worn. I hold that old coin in my hand and wonder, where has it been? Who else has held this coin, and what did they buy with it? I guess old coins are a weakness of mine. I think this link to history is one of the reasons I metal detect.

Eureka! Breakfast Club: The Eureka! Breakfast Club will meet the First Friday and the Third Saturday every month. Everyone is invited!

Contact Bill Abercrombie 303 525-0504 if you are interested in meeting for breakfast and then going out metal detecting with other club members.

Report by Chris Davis

On Oct. 3, 2014, the Breakfast Club made a run out to the James J. Richey Park. Found a fair number of coins but no jewelry. On the way out, Ken Barrios pulled up a very nice stainless steel Kershaw knife.

Report by John Cornelisse

Eight members met at Looking Good restaurant 66 Sheridan in Lakewood on Saturday October 18 at nine am. Bill Abercrombie selected to go to Jefferson High School to hunt, and all went to the school. Present there were Bill Abercrombie, Randy and Mary Sable, Lorie Atencio, Sharon Harkins, John Cornelisse, and Vince and Marilyn DiPrimo. Several rings were found along with the usual coins and tokens, but fun was had by all those that attended.

If you want to learn more about your detector or how to detect, or cement friendships, this is a great opportunity to tap into other member's experience or to get together for a fun outing.

Poker Hunt Report

By Linda Erickson and Linda Kibler
Saturday October 11, 2014
Pancake Breakfast and Hunt
Majestic View Park

Linda E. and Linda K.

It was a beautiful fall day for a pancake breakfast in the park followed by a club hunt. After enjoying a breakfast of pancakes, scrambled eggs, sausage and orange juice, twenty-four people participated in the hunt.

In response to a request for more targets in the ground at the hunts, we planted 689 targets (including XP tokens). In order to have “more” targets in the hunt, many of the targets were clad coins with approximately 80 silver dimes included. Included in the hunt were 10 keys, which were good for Wild West Poker lottery tickets. Nine of the keys were found. If you found the last key, please bring it to the November meeting to collect your lottery ticket. Unfortunately, I don’t think we had any big winners from the scratch tickets.

Also included in the hunt was the Spyderco token good for a Spyderco knife and a “Digger” target good for a year’s subscription to “American Digger”. A big thank you to our friends at Spyderco and American Digger for their donations. Cindy Bockenstedt was the winner of the subscription. The Spyderco knife will be presented at the next Eureka! meeting, be present to see who found the token.

Richard Kibler

(Continued on page 21)

(Continued from page 20)

Additionally, 150 XP tokens were planted. At the end of the hunt, the tokens were exchanged for playing cards up to a maximum of five cards. The person who made the best poker hand from the five cards won the grand prize—a troy ounce, royal flush silver round. Jan Hallez was the winner of the grand prize with three of a kind.

Thank you to everyone who brought extra tables, to Mary and Randy Sable and Sheri Muehlbauer for helping plant the coins, and to our husbands, Ron Erickson and Richard Kibler, who helped haul the grill and cook the breakfast.

Submissions

Articles, letters and short items of interest on prospecting, detecting and treasure hunting topics are welcomed and encouraged. All items submitted for publication are subject to editing. Submittals for publication or correction of errors may be made by e-mail in ASCII text format or MS Word. All article submissions must be received by the editor no later than the deadline of the month (see calendar) for inclusion in the next month's issue. Include publication information on articles clipped from other publications. **Let's hear your story, ideas or tips - Cindy - your *Soundoff* editor.**

Copyright

Unless otherwise noted, other nonprofit groups may reprint or quote from any articles appearing in *Soundoff* without prior permission, provided that proper author and publication credits are given and that a copy of the publication in which the article appears is sent at no cost to Eureka! at the above mailing address.

Advertising

Classified business-card-sized text advertising is free to members for non-business ads. Commercial display ads are available to anyone at the following charges: business card size, \$6.00 per month; 1/4 page, \$12.00 per month; 1/2 page, \$24.00 per month; full page, \$48.00 per month. Advertisers are encouraged to take out ads for 12 months and receive a 3-month discount. No other discounts apply. The treasurer must receive any required payments for commercial ads prior to their inclusion.

About Eureka!

Eureka! is a Denver-based, Colorado nonprofit organization established in 1973 for the enjoyment of metal detecting, electronic prospecting and treasure hunting. Its purpose is to provide an educational and social forum of mutual benefit for members. Eureka! holds a monthly meeting and conducts various special presentations, hunts and seminars. Members have voting privileges. Membership includes access to all general meetings, selected seminars and outings. Annual dues run April to March and are \$30 for single adult membership, \$36 for a family membership and \$15 for Junior membership. Pro-rating of dues are done for new members joining the club after the April 1 dues date. Club meetings are held on the second Friday of each month, 7:30 p.m., at the Clement Community Center, 1580 Yarrow St., Lakewood, Colorado. Come early to socialize.
