The treasurer must receive any required payments for commercial ads prior to their inclusion.

## About Eureka!

Eureka! is a Denver-based, Colorado nonprofit organization established in 1973 for the enjoyment of metal detecting, electronic prospecting and treasure hunting. Its purpose is to provide an educational and social forum of mutual benefit for members. Eureka! holds a monthly meeting and conducts various special presentations, hunts and seminars. Members have voting privileges. Membership includes access to all general meetings, selected seminars and outings. Annual dues run April to March and are \$30 for single adult membership, \$36 for a family membership and \$15 for Junior membership. Pro-rating of dues are done for new members joining the club after the April 1 dues date. Club meetings are held on the second Friday of each month, 7:30 p.m., at the Clement Community Center, 1580 Yarrow St., Lakewood, Colorado. Come early to socialize.

# LuLubelle's Lost Bling Treasure Puzzle

By  
Bill Chapman

A cryptogram is an encoded message. The code used is called a simple substitution cypher. This means that the message is encoded by replacing each character in the message with a letter of the alphabet. Every time a particular character occurs in the message, it is replaced with the same code letter. Word spacing and punctuation are not changed.

Some people like to solve cryptograms much like some people like to do crossword puzzles. The cryptogram is solved by looking for frequently used characters and clues provided by letter patterns and word spacing. Solve the cryptogram shown below, find LuLu's bling and bring it to the next regular Eureka! meeting to collect a prize.

**Last month's solution:**

this month little lulubelle was studying texas history. on her way back from a research trip she stopped at a denver park. she played on all three slides while there but lost her bling. she did remember the alamo placita.

**Park:** Alamo Placita, 3rd and Ogden.

**Prize:** 5 golden dollar coins, sponsored by Louise Smyth of Gold-N-Detectors.

# SPACE HUNT

The day was spent dodging meteor showers. But by 6 pm, there was a window of opportunity to launch the Space Hunt. The Space Station was decorated by Nancy Faires, creating a welcoming atmosphere. She provided all explorers with nutritious space foods such as Tang, Moon Pies and Star Bursts. John Hinton grilled Space Dogs on the After Burner. Other sides included Rocket Fuel Beans, Space Slime Potato Salad, Saturn Rings, Asteroid Chips and other alien like foods, including Moonshine Cherries!

The space field was set: Meteorites, Eisenhower dollars with out of the world scenes of the moon and earth, Kennedy half dollars (Kennedy being one of the fore-fathers pushing the space race), Florida State quarters with glimpses of the space shuttle, Ohio state quarters with a space walking astronaut, Commemorative coins featuring Apollo Eleven, Space shuttles, and other launches. Some of these coins were silver. Rockets were tokens for bigger prizes, plus there was one moon landing gold coin. This coin was not discovered by the explorers, but was successfully retrieved and docked for future use. In addition there was plenty of space debris to be found and later capsulated.

*(Continued on page 6)*

*(Continued from page 5)*

After dark we returned to the space station to award our heroes who found rocket ship tokens for prizes and to see what all had been discovered while enjoying space frozen bomb pops.

Our hope is that this hunt would help you learn more about your detectors. How to use your machines on different settings to find targets that would normally be passed over leaving valuable treasures behind.

Boots and Laura Lewis

## **The Prez Sez**

**By Ron Erickson**

I can just about taste the roasted pig. June's Silver Bonanza hunt and pig roast is just around the corner. We hope to have a great turnout and for those of you who love to find silver, this is the hunt for you. All entry fees go towards silver in the ground. We will be doing a drawing for a gold coin to pay for the roasted pig. If you are planning to attend, please bring your entry fee of \$100 to the June meeting. We strongly encourage everyone to pre-register for this hunt so that we will plant the correct amount of silver in the ground. With enough entrees we will have two fields to hunt, one with silver dimes the other with larger silver coins and other silver items.

I was in touch with the people at the City of Westminster and I am glad to hear that all our members have been setting forth a good example and we look forward to being ambassadors of the hobby. If you run across other detectorists in the City of Westminster, please inform them of the new policies and permit requirements in Westminster.

I want to remind everybody of the fun that can be had detecting on or around the 4<sup>th</sup> of July. Find out where the firework displays and events are taking place and get up early on the 5<sup>th</sup>. Remember, the early bird gets the worm. We will have a table set up for show and tell at the July meeting so you can bring in your post-4<sup>th</sup> of July finds that you think might not be worthy of entry into finds of the month.

Our July speaker will be giving us helpful tips on how to enjoy our hobby without hurting our bodies so we will be able to enjoy the hobby for a long time.

At the Space Hunt I re-learned a lesson that I'm sure you would never make, but

*(Continued on page 8)*

*(Continued from page 7)*

just in case you are having a lapse of common sense, please follow this advice. When detecting, especially for iron targets, set your machine so that the iron rings out loud and clear. After you have done that, take the time to walk a few steps to see how your machine is acting. If you notice that every time your boots get close to the coil, and it rings out loud and clear, you might be wearing steel-toed boots. Wearing steel-toed boots is exactly what I did the day of the hunt and it effected my strategy a lot . One of my first thoughts was to take my boots off, but after looking at the cactus I decided that was not a good idea after all. Do not wear your steel-toed boots while detecting, even if you are not looking for iron, as it will play havoc with your machine. So as I laugh at myself, and you laugh at me, remember to check your equipment and belongings before you leave the house.

Happy Hunting, Ron

**Eureka! Breakfast Club:** The Eureka! Breakfast Club will meet the First Friday and the Third Saturday every month. Everyone is invited!

Contact Bill Abercrombie 303-525-0504 if you are interested in meeting for breakfast and then going out metal detecting with other club members.

# In-Town Hunt Information

In-Town club hunts are meant to be fun, first and foremost. They provide a context outside of the meetings for fellowship with club members. To put on an in-town hunt you need to:

- ▶ Schedule with the Hunt Coordinator or President (see the contact list).
- ▶ Provide the Hunt Coordinator a plan.
- ▶ Send the hunt flyer to the newsletter editor in an appropriate format for insertion into the newsletter (see the contact list).
- ▶ Provide flyers at the monthly meeting.
- ▶ Ensure the hunt rules are discussed BEFORE the hunt.
- ▶ Police the hunt.
- ▶ Decide if the hunt is a members only or an open hunt (non-members may hunt).
- ▶ Write a story for the newsletter and send it and accompanying photos to the newsletter editor prior to that month's deadline.

To ensure the continuation of this hobby and to provide the best impression of Eureka! and its membership, you, as hunt master, MUST enforce all rules, including:

1. Pouches to store finds and trash must be worn and used at all times during the hunt.
2. All hunters must wear headphones.
3. Absolutely no tolerance of holes left open. A first warning, followed by a time-out or expulsion from the hunt.
4. Hunters digging and leaving trash of any sort on the hunt field will receive the same treatment discussed above.

All hunts will need to be okayed by Hunt Coordinator (see the contact list) prior to officially being put in the newsletter and put on.

Failure to follow the guidelines may result in hunts being cancelled.

Hunts may be paid for in advance. This helps the hunt master with planning for how much should be planted in the field. In case a person must miss the hunt, their prepaid fee may be refunded if they call the hunt master before the hunt and cancel, other circumstances will be reviewed. No refund will be given for just plain failure to show up to the hunt.

## May 7, 2014

President Ron Erickson welcomed everyone and thanked John Olson and everyone who helped with the April meeting. Officers and Board members were introduced. There were 77 present including several guests.

Linda Kibler presented the Treasurer's report.

Thank you to Linda Erickson and Brian Henry for the new name badges.

The speakers were Bill Chapman, Professor Detector and John Cornelisse, Drill Instructor. They presented part 2 of our 4 part training regimen on proper metal detecting techniques.

Bill Chapman, Jeff Lubbert (tech help), John Cornelisse

## Secretary's Report

By Nancy Faires

**Hop To It** – Sunday, April 27 – Rosamond Park, Denver – Jan Hallez  
Eighteen hunters enjoyed the hunting on a very cold day.

Mary Sable found the Spyderco token. She received a Spyderco knife. Thanks to Spyderco and Boots Lewis for sponsoring the Spyderco hunt each month.

**Fun Hunt** – Bible Park, Denver  
Mary Sable was the only hunter.

*(Continued on page 19)*

*(Continued from page 18)*

The next fun hunts will be June 29th, Utah Park in Aurora and July 4th, Clement Park in Littleton. Both hunts will begin at 8 AM.

**Space Hunt** – Saturday May 10 - Lazy Heart Ranch, Golden – Boots Lewis  
There will be a plush hunting field including a gold coin. Considering the weather, a vote was obtained to hold the hunt rather than re-schedule from May 10th. A notice will be placed on the hotline by 2 PM May 10th for any changes.

**Tip of the Month** – Boots Lewis  
Do not discriminate out irons for the meteorite hunt next month. Meteorites should read -50 or below.

**Breakfast Club** – Bill Abercrombie and Nancy Faires  
Thirteen members showed for the breakfast and hunt. The hunts are the 1<sup>st</sup> Friday and 3<sup>rd</sup> Saturday each month. Ideas and suggestions are appreciated.

**Lulu's Bling** – sponsored by Louise Smyth / Gold-N-Detectors  
No one found the bling. Thank you Louise and Gold-N-Detectors for sponsoring this hunt.

**The Eureka! Code Cryptex Clue Hunt** – John Olson  
Boots and Laura Lewis solved the 6 puzzle clues, lined up the answers on the cryptex and won the prize of 20 silver dimes. Congratulations! Thank you to John for sponsoring this hunt.

*Soundoff* June, 2014

**Silver Bonanza Hunt** – June 8 – Lazy Heart Ranch, Golden

Ron Erickson, Jeff Lubbert and Richard Kibler attended a coin show at the National Western Complex. Some coins were purchased for future drawings. There was not much silver available and if anyone wants to sell some silver please see Ron Erickson, Linda Kibler or Nancy Faires. We will pay the rate offered at the coin show.

Find the answer in the newsletter to *The Clue* to have your chance to win at the next Eureka! meeting.

What are we to bring for show and tell to July's Meeting?

Last month's answer: Westminster (Denver city reviewing allowing metal detecting in their parks.)

#### City Of Westminster

At the present time is asking people to get a permit to metal detect .  
Permits are good for 3 months.  
See Angie at the lower level of City Hall.  
Office Hours: Mon-Thurs from 7:00am to 6:00pm.  
Please follow the City's guidelines and show that we, as detectorist, are a responsible group.

**Wheatridge** requires permits to metal detect in their city. **No hunting is allowed October through March.** They are accepting permit applications which will allow metal detecting April 1 - September 30, 2014.

Dr Michael Varnay will be the speaker at our July Meeting. Now is a great time to focus on health and safe moments for the next month and onward. We all want to be able to enjoy our life and our hobby for years to come. As a group, we share similar passions and we can motivate each other. So be healthy and continue having fun!

**SIMPLE HEALTH TIP** By Nancy Faires

Besides reducing sodium and taking other heart-healthy steps, eat potassium-packed foods such as bananas, cantaloupe and oranges.

**Drink more water and reduce sugar intake.**

- More time with the detector, less with the TV, computer or eating junk food.

*Park a little farther away from your destination, and in the shade. A few feet, over time, adds up.*

**Enlist a buddy to share health goals. Work together.**

*That's all this month - find something good!*
